

Kindergarten Application

September 2021 - June 2022

Kindergarten Program

Temple Israel's kindergarten program offers small group instruction which allows for child-centered individualized teaching in a safe and nurturing setting. Our play-based philosophy affords many opportunities to excite children when learning. The children will learn through experiences, develop strong social skills, and express their individual creativity. Built into our kindergarten day is a balanced and age appropriate curriculum that is thoughtful; encompassing best practices, and is intentional. Our literacy program strongly focuses on phonemic awareness, sight word vocabulary, and comprehension. Writer's Workshop introduces the students to beginning writing skills, the structure of print, and the connections between print and the spoken word. Math is taught in so many ways throughout each day as the curriculum focuses on hands-on activities to teach number concepts and skills. Science, the arts, Judaic learning, Hebrew language, and so much more complete the well rounded kindergarten year. With ratios as small as we allow, your child is sure to develop a solid foundation of skills and knowledge moving forward, while encouraging a lifelong love of learning.

Monday - Friday (9:00am - 3:00pm)

*Class will need a minimum of 8 children.
